

INTRODUCING CLAYTON POST CAPS

Take a look at our NEW one-piece post caps. The textured top surface and sides look like chiseled stone. The top is flat at the peak to easily accommodate surface mounted lanterns and lights without the use of shims. They are available in both Earthblend and Limestoneblend. Use these with our Oasis Collection or Allan Block Courtyard.

26" x 26" square x 3" deep

117 lbs. per piece

6 caps per pallet
