

# Allan Block Contractor Certification Training Seminar

Sponsored by: Clayton Block

## Don't wait any longer to become a Certified Allan Block Installer!

- Learn How Allan Block Works
- Learn the Principles of Retaining Wall Design
- Learn How Geogrid Works in Soil
- Learn the Proper Methods for Constructing an Allan Block Wall
- Hands-On Demonstration

*To become a certified Allan Block installer, you must attend an AB Contractor Certification Program, including the hands-on part of the program, complete and pass the written test, build a retaining wall using Allan Block, and have it inspected by your local Allan Block Representative. This seminar is your opportunity to enhance your knowledge and learn practical skills that have helped other professionals across the country to build their businesses with Allan Block wall construction. This class is ideal for anyone who is looking for the very best, current industry information and training on Allan Block Products.*
