Control Weeds and Keep Plants Healthy

Filter Fabric

3 x 50 ft. roll: \$8.43
3x100 ft. roll: \$20.28
3x300ft. roll: \$43.88
6x300 ft. roll: \$87.75
12x300 ft.: \$198.00

Landscape Fabric is a tough, long-lasting fabric that blocks out weeds but is also porous, so it lets water, air and soluble fertilizer pass through to give you healthier plants as well as beautiful weed-free beds. Typar® spunbonded polypropylene fabric that is lightweight and easy to handle. It can be cut with a pocketknife or regular scissors, and it provides years of protection against weeds with proper initial installation. It is safe, chemically inert, and completely resistant to rot mildew and microorganisms.

Planter Areas
Excess water can drown evergreens, flowers and other sensitive plants, destroying your landscape investment.

Drainage from Downspouts
Without proper drainage, excess water around the home cracks and damages the foundation and basement walls. Water can enter the home, damage possessions and promote the growth of mold.

Drainage Solution
Catch Basins and Atrium Grates remove excess water to protect roots systems from overwater and rot.

Drainage Solution
Directing water from a downspout through a catch basin prevents the clogging of your drainage system by debris from your roof.
